

## LET'S GET ON THE JOB.

Every year, just at this time, it is customary to shout "Clean Up and Paint Up" from the housetops—so that all may hear it, and, hearing, take heed and obey the command. This year the county and city health officers are co-operating in the campaign.

So far as the city is concerned, if we would have a healthful town, we must clear out attics, sheds, stables, as well as the yards, alleys, streets and vacant lots, and get rid of the accumulations of trash, dirt, junk, filth, garbage, rags, cans, bottles and weeds. We must empty toilets, dispose of manure heaps, drain barn lots, fill up mudholes and slimy, ill-smelling ponds, open gutters, repair streets and burn rubbish.

Then we must use soap and scrub brushes, brooms, rakes and shovels. We must throw lime freely about toilets and stables. Why? Because disease germs and germ-carrying insects, especially house flies and mosquitoes, breed in filth and spread typhoid and consumption when they enter our living rooms, alight on our food or bite us while we sleep.

And after the dirt is gone we should repair our buildings and fix our fences—and then lay on the paint! Paint everything that needs it, inside and out, for paint is the best known preservative and its brightening influence will make the dull town in the world look spick and span.

Of course, when we buy paint and lime we put money into the paint dealers' and lime dealers' pockets. But, if we get sick and die, the doctor, druggist, undertaker, sexton and tombstone man take our coin. Most folks would sooner spend theirs on paint and lime—take your choice.

Come on, now folks. Let's get on the job. The prize is worth the trying—health and happiness.

A certified copy of which has been approved by your Special Committee and is now a part of your record.

I have also opened a full, complete and systematic set of books and have acquainted your City Clerk with the necessary instructions that enable him to render an intelligent and reliable monthly statement of the fiscal affairs of your City.

If the other officers will discharge with efficiency the duties incumbent upon them as are required by the new system, your City will have no cause to regret the expenditure of this audit.

For the period under review, I found proper authorization for all expenditures of the City, School Board and Massie Hospital, and that the bank balances correspond to and equal the amount on deposit to their credit in the several banks used as their depositories.

Outline of the new system makes it mandatory upon the part of your Collector and Treasurer to deposit to the credit of the General School, Sinking, Hospital and Library Fund Accounts their pro rata part of the revenue collected, governed by the levy ordinances as are now in existence or may hereafter become effective, thus distributing to the various funds the proper credit to which they are entitled as such revenue is collected. This distribution is required by your charter.

I would suggest that your Finance Committee meet previous to each Council meeting and pass upon the classified list of accounts as audited by the City Clerk, and approve such accounts as are in their judgment proper and just claims, to be presented to your Council for ratification.

The duties of your City Clerk will be greatly increased by the imposed duties, and in fairness to him I think it just that his salary should be commensurate herewith.

Thanking you for the employment, I am,

Yours very truly,

W. A. GARLAND,

Public Accountant and Auditor.
